# BP-03™ & BP-03™ HD Bale Processor

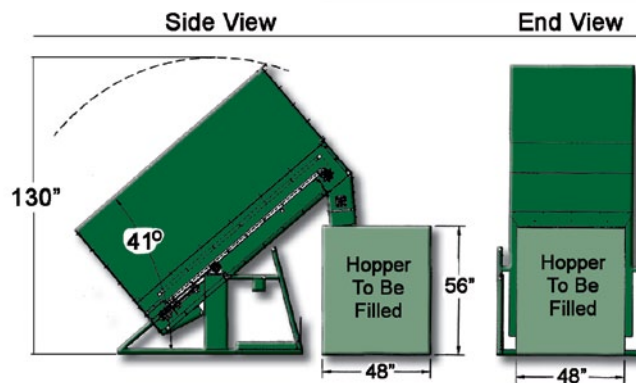

Designed for ease of loading and processing peat moss and premixed compressed bales. 55 - 110 cubic foot bales (135 on HD Model) can be loaded by hand-operated pallet jack or forklift.

The BP-03 Bale Processor includes a fluffer attachment and automatic misting system that will bring the bales back to the proper consistency needed for plant growth.

Push button powered tilting, live-walking floor, fluffer attachment, and automatic misting system.

## Specifications

Power	5 HP total/ 220V single or three phase/ 50 or 60 Hz
