Ribbon blender assures quick and consistent mix

Incline conveyor for loading into various machines

A proud member of the BouldinCorp™ Family

Twister™ I

Model # 12101 (Single phase)

Model # 12103 (Three phase)

Specifications

Power	3 & 5 HP models/ 220 V/ single or three phase/ 50 or 60 Hz
Production	Up to 6 batches per hour
Dimensions	79"L x 32"W x 59"H
Weight	1,014 lbs
Portability	Optional 8" casters or 14" tires and hitch

The Twister I & II Batch Mixers mix a wide variety of materials such as sand, peat, bark and soil, as well as chemicals and fertilizers.

The optional water bar allows the incorporation of water into pre-mixed material. The Twister I will mix one cubic yard of material. A heavy-duty model is available.

The Twister II Batch Mixer will mix up to 2 cubic yards of material. Both Twisters include a ribbon blender which moves material continuously to the sides and through the center for fast mixing and quick removal of mix through a discharge hatch.

*** Note: These mixers must be loaded by conveyor or front end loader only.
